On a full moon, when I came back home after playing with girls for God knows how many hours—
아스피린

I saw four legs ...

Move -
No, six ...
Stop pushing me. I almost fell off the bed.
No, eight ...
Will someone bring me some water ?
Me too.
Me, too.
.....
Hey, you came

Wanna join ?

What the hell do you think you are doing stalker ?
Must I remind you how polluted water is ?

JANIMES.COM

Damn it, I was resting nicely in a top quality pool
Cough

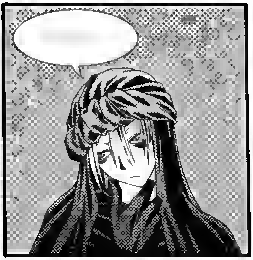
This is no time to sleep If you know what is going on out there ..
Why did Tongun start a war ?

I wouldn't care whatever he does
Though you stalk me anywhere I go Now that bothers me. Go away before I hurt you

You want to kill me ? That won't be easy.
Making you half dead should be easy. Want me to do that now ?

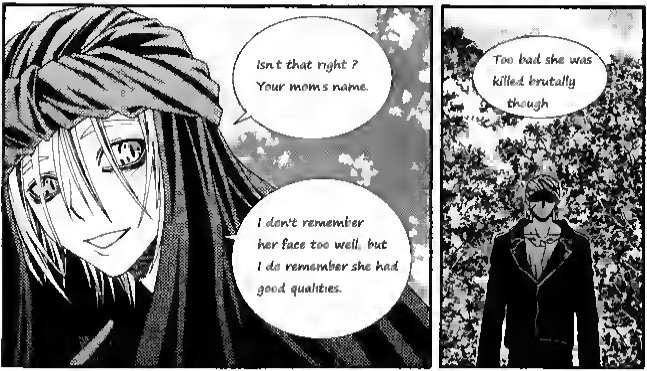
My friend ... it took some efforts to patch this ... creature.
You might die by just touching it. What do you say now ?

.....



Hey ?

Yu Wha !



Isn't that right ? Your mom's name.
I don't remember her face too well, but I do remember she had good qualities.
Too bad she was killed brutally though

I should have taken her at least once while she was alive.
Shy women are not so shy in beds. I am sure she was exactly the case

Shut up if you care for yourself !

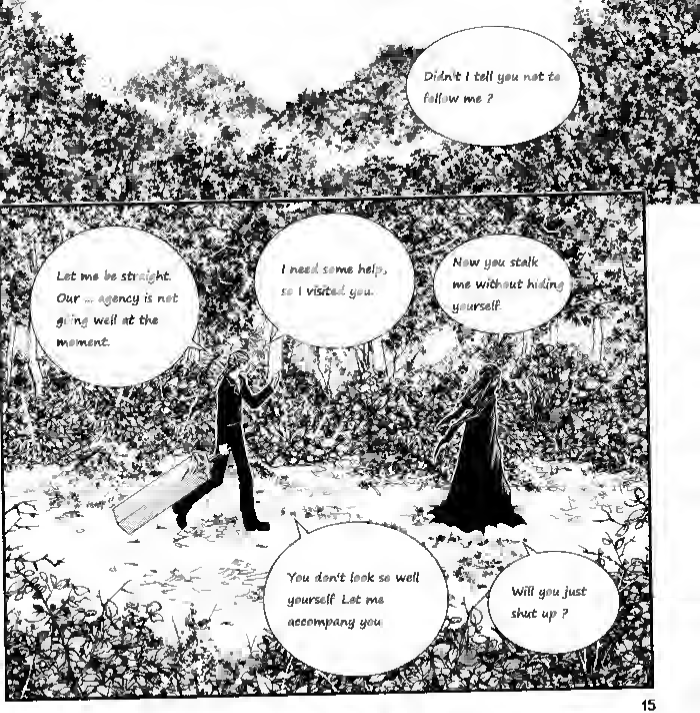
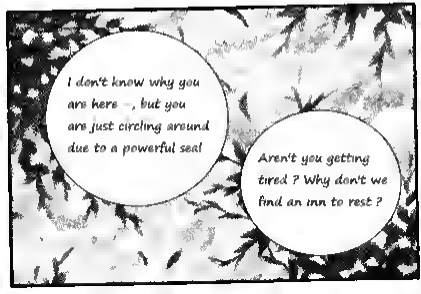
Look how scared you are ~
Humans are always so ~ so ~ scared ~
Well, looking at that face of yours makes me feel better.
Why haven't you gone away ? Do you have anything more shameful to show me, mothercon !

Mothercon One with a mother complex

One must be at ease, and empty one's mind, and focus one's inner powers to one's abdomen.
Mind, soul, and body - When the three are united, clear bad influences from your abdomen.
You breathe by simulating your abdomen rather than simulating your chest. Breathe 17 to 20 per minute. You inhale deep and slow and exhale fast and quick.
completely with the universe. Then, you achieve the peace within
Haha... I am glad you feel better, friend.
Epic fail.



Didn't I tell you not to follow me ?
Let me be straight. Our ... agency is not going well at the moment.
I need some help, so I visited you.
Now you stalk me without hiding yourself.
You don't look so well yourself. Let me accompany you.
Will you just shut up ?



I don't know why you are here —, but you are just circling around due to a powerful seal.
Aren't you getting tired ? Why don't we find an inn to rest ?

CHI

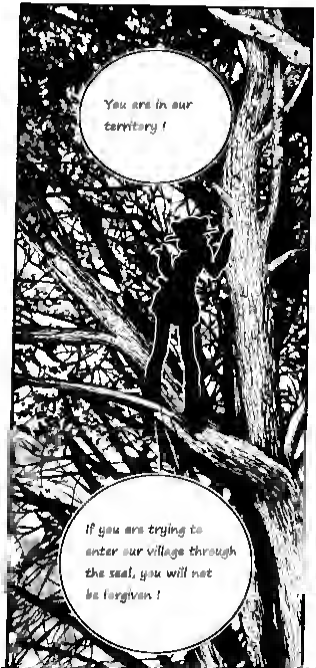
I am too tired to walk.
I am going to take a nap. You find a way in.

끄응

Should I just kill him now ?

헉
Ah ?!

What's this ?



You are in our territory !
If you are trying to enter our village through the seal, you will not be forgiven !

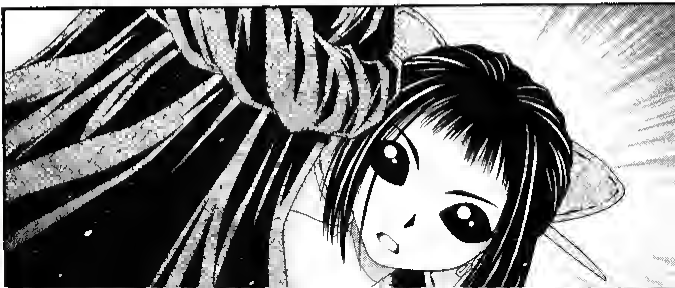
If you withdraw now, I will let you go !
Isn't that too late to say that after this ... ?
My friend seems to have a purpose inside ... Why don't you let us in ?
I would also like to end this peacefully if possible
So, you are not going to withdraw !
If you plan to use forces, I shall answer with forces as well !
Hey, you used violence first ...
Ah ... ?!

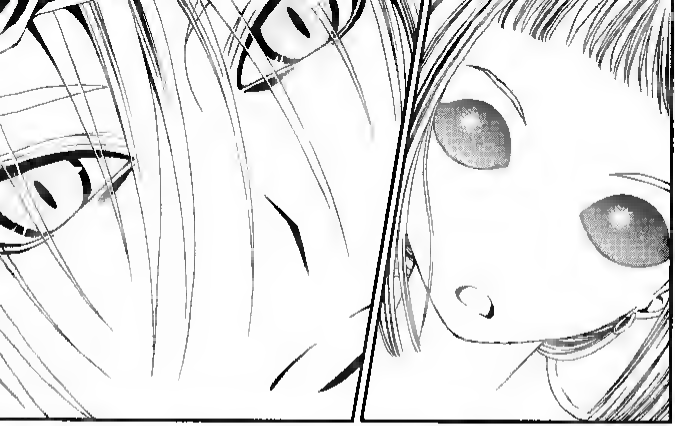
JANIMES.COM

What the ... ?!
The drug is taking its effect.
I expected that you'd not withdraw, so I poisoned the dart.
The punishment for attempting to enter our village must be answered by death !
Woah !
You dodged !
Wait a sec, lady ! Let's talk !

I will behead you now !
Hemosu, wake up and stop that ...

?!!

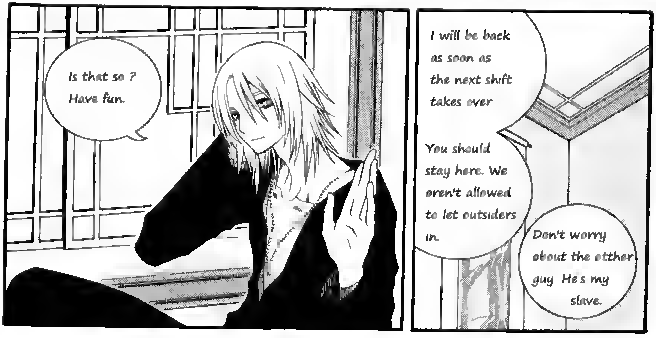




Welcome

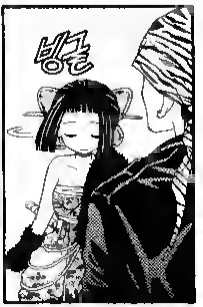
It's so easy, isn't it ?
This is ridiculous It's beyond that
I hate you

I apologize, but I have to go. I still have a task to complete



Is that so ? Have fun.
I will be back as soon as the next shift takes over
You should stay here. We aren't allowed to let outsiders in.
Don't worry about the other guy. He's my slave.

See you later, darling ~

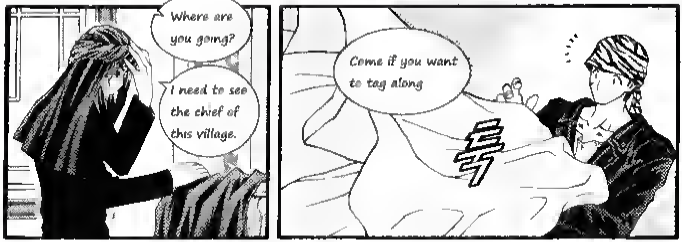


빙글

Hey, you. If you are still here when I come back, it won't be funny, get it ?

탕

Well, now ...



Where are you going?
I need to see the chief of this village.
Come if you want to tag along
흥

I may have a task for you.
If you do well I might upgrade you from a slave to a servant.
You make me want to sell my soul to an evil just to be able to beat the crap out of you.

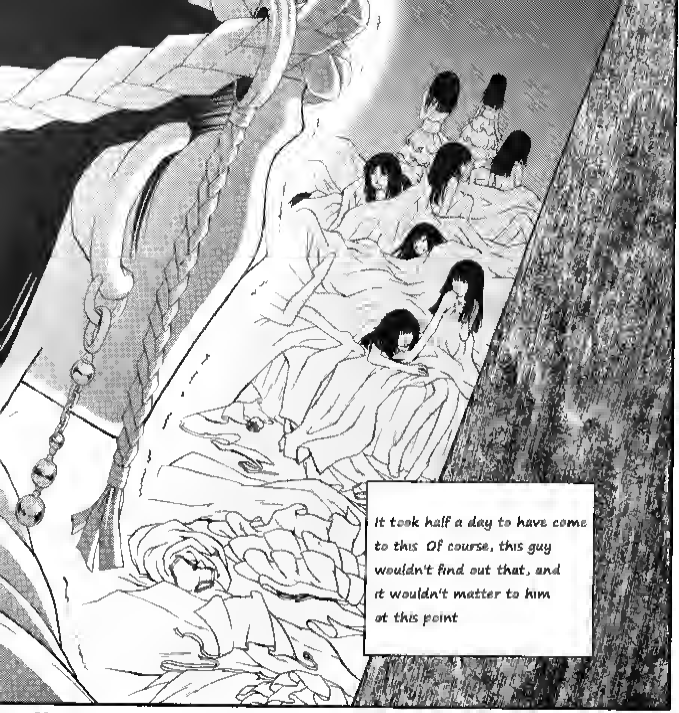
They look non-human though. Are they monsters ?
Sort of. Their ancestors are dragons.

Here we are !
This is the largest building here. He should be in there.

Halt !
If you have a business here, you must wait at the guest house.!

Sigh ~
I always prefer human females.
But this is for my own sake. I seem to have no other choice.

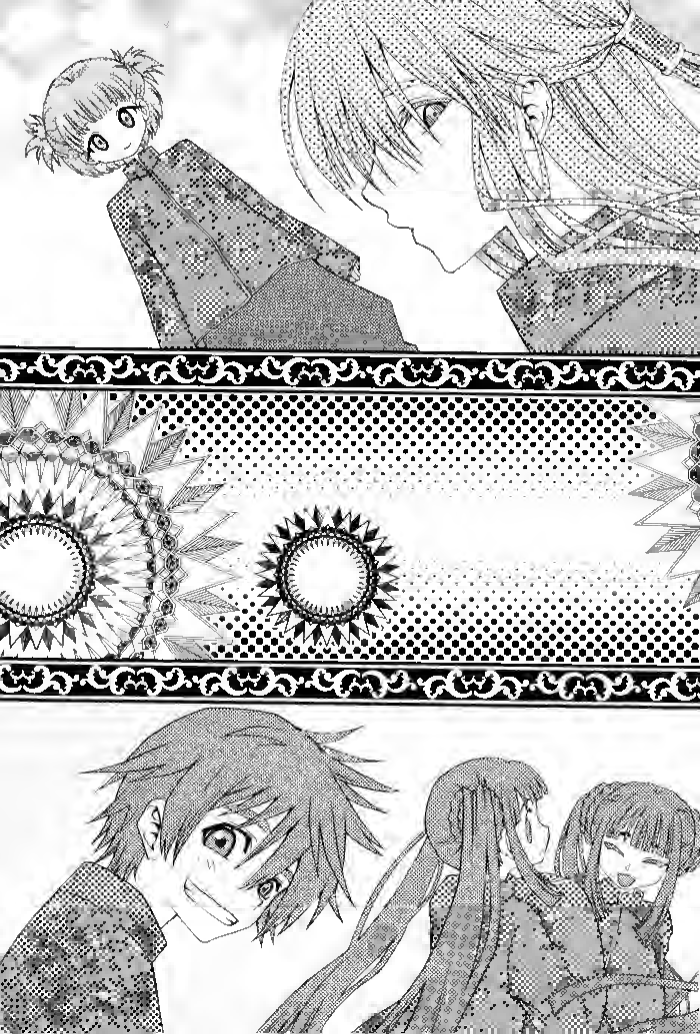
May I pass ?
And then ...



It took half a day to have come to this. Of course, this guy wouldn't find out that, and it wouldn't matter to him at this point.

Hey.. you come..
Wanna join ?

Wife...



Ah !
Chief ?!
Where is my clothes !
Who said he wouldn't come back tonight ?!

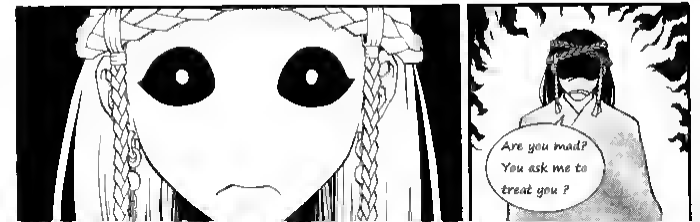
Wife ...

How could you do this to me ?!
Why are you looking at me like that ? I am tired of you seeing you mate with all other women.
I am a little hungry here. Should I get something to eat ? I don't want to move though ..

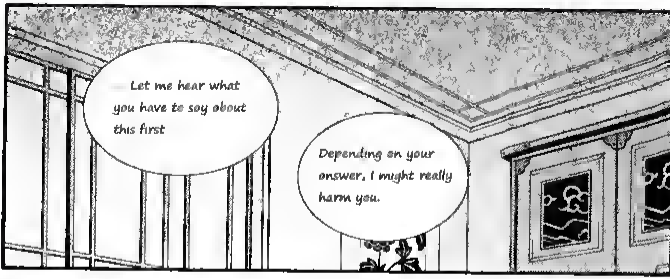
I've loved you so much ...
And this is my reward ?
I am actually glad that you saw this. I want a divorce. I want my own life.
Wait a sec
I wonder where that cranky cute cook I saw from the kitchen ?
She seemed to have some character
I've got to have her

Yes. , you are the cause ...
Why have you come here and destroy my clan ?

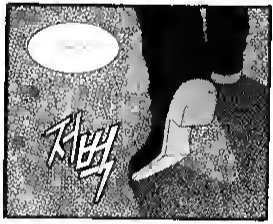
I am sick. I need a treatment.
You are a pretty famous doctor after all.



Are you mad? You ask me to treat you ?



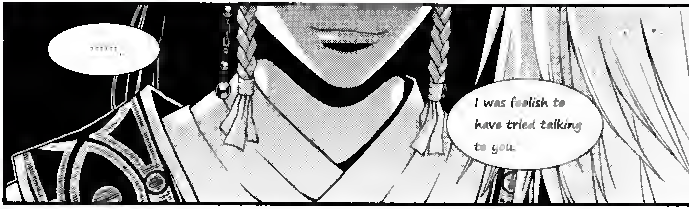
Let me hear what you have to say about this first
Depending on your answer, I might really harm you.



지뻑

I am trying to give you a lesson here.

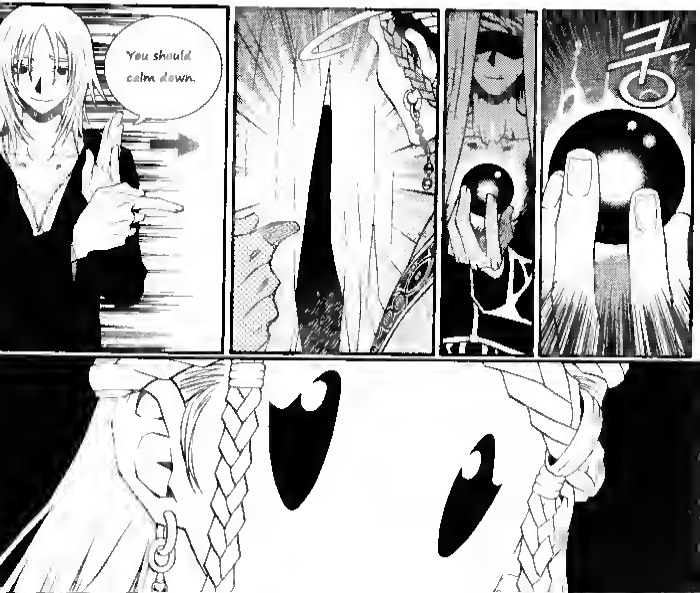
You are not yet capable of running a clan.
It took only half a day to ruin it all. This just proves it.



.....
I was foolish to have tried talking to you.

I have a gut feeling that banishing you right here will be better for the world !

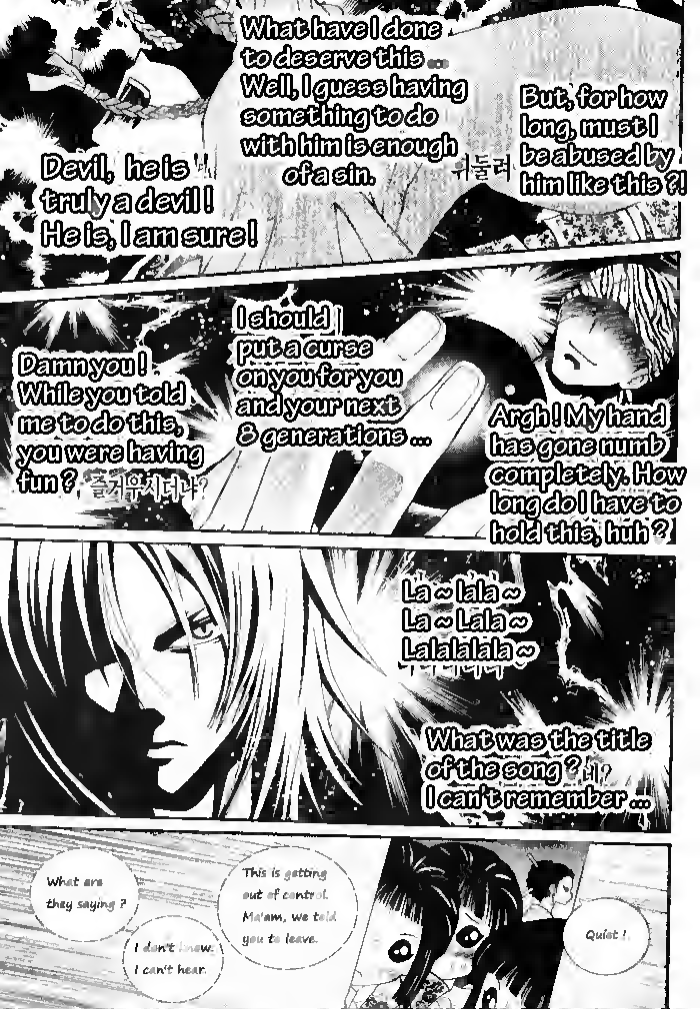
Relax.
Relax.
Let's talk, shall we ?
Be quiet !
I shall end you here !



You should calm down.
큭

My...My...My orb?!
You should have taken a better care of it
No it was pretty hard.

That orb is powering the seal here. What if it breaks ?
You wouldn't !
Hey, I don't even know how to break this. Holding it alone is making my hand numb.



What have I done to deserve this ... Well, I guess having something to do with him is enough of a sin.
But, for how long, must I be abused by him like this ?!
Devil, he is truly a devil! He is, I am sure!
I should put a curse on you for you and your next 8 generations ...
Damn you! While you told me to do this, you were having fun ?
Argh ! My hand has gone numb completely. How long do I have to hold this, huh ?
La ~ lala ~ La ~ Lala ~ Lalalalala ~
What was the title of the song ? I can't remember ...
What are they saying ?
I don't know. I can't hear.
This is getting out of control. Ma'am, we told you to leave.
Quiet !

.....!
.....
There is ... nothing I can do ...
If something happens to the orb, the seal will be unstable ...
For my clan, I have to comply ...
... Yeah, right ! Even such a thought is burning me from inside with rage !

As long as I remove you from this world, I will be able to revert back !
Whatever happens to the orb !

ドン

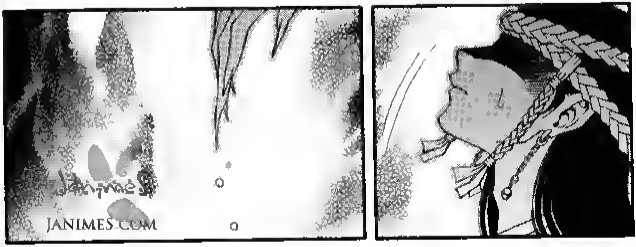
헉

흑! 흑!

Any last words ?
Or will you beg for life ?

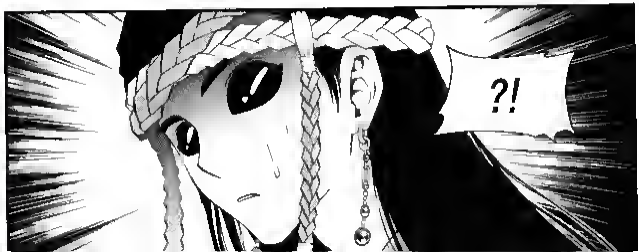
Hmph. you are merely my creation.
Why don't you call me "papa", son ?

This is your end, then !
Uh.....
hey ?



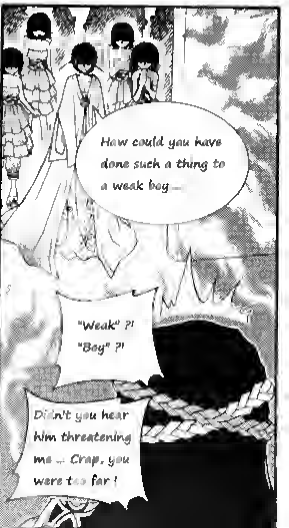
JANIMES.COM

Human, hand over the orb before ...



?!

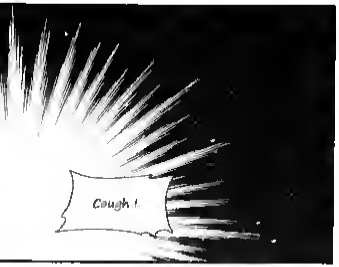
How ...



How could you have done such a thing to a weak boy ...
"Weak" ?!
"Boy" ?!
Didn't you hear him threatening me ... Crap, you were too far !

He wasn't even fighting back ...
Wait ! Let me defend myself !
He was the one who was having an affair with my life !

Do you have a right to say that really, especially when you've slept with every girl in this village ?
I was hanging onto you only because of your kind personality.
But..., but he threatened... You didn't hear, really ? I mean ...



Cough !

You aren't dead yet ?!
How persistent ! Let me finish you

Why ... look at me with such eyes?
...You are too inexperienced!
You need to know when to use violence in front of women!!
Did you really think they'd treat you like a hero after you kill me? Did you think you could bring peace?
Look now! You are the villain!
All you receive now is hatred, rejection, and disrespect.

You are too young for Harem!!
早子
All you have to say after risking your very life is that...?
Is that all, really?
Seriously?
Are you for real?

We are over !

My hand...

They were mine...
But I lost them...
What can I do ...

Well, I gave the orb back, and your wife will handle your clan well I did all I could do for you
Forget it and please shut up I don't want to listen to you
Don't you think I've become very kind ?

So, what do you want me to do now ?
Are you dragging me to another battle like befors ?

Sorry

JANIMES.COM

It will end soon, so hold on

What ..
What are you trying to do ?!

Noooo !

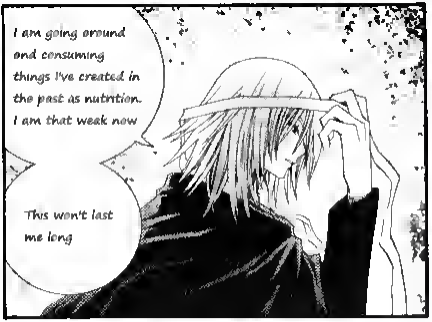
Hmph, he mated with human women too much. Too much impurities
But this will last me for a while.

What did you do ? You looked like you absorbed him
That's right.



I am going around and consuming things I've created in the past as nutrition. I am that weak now
This won't last me long

That eye you showed when absorbing him ... was that your orb ?

To be precise, it was a fragment of my orb. The original was shattered.
Are you kidding? It shattered ?
The orb that was sealed "them" was mine.
I concentrated for many years to collect pure mana to create it. I am sure they had a hard time breaking it

Good job following me around like a stupid dog.
You were resourceful, so I will reward you.
I am in a bad condition, so it's hard for me to use my powers, but I can enhance stuff.

Now, what do you seek, human ?

Sword ...

I want a sword ...
That doesn't break and can cut anything.

You aren't a good swordsman.
I know
And you don't have any mana, so you can't use a magical sword.
I know. Will you just shut up?

Chasing you around paid off

Happy ?
Go away now

Sure.
Where are you going ?

Well, I've [illegible] a little.
So, it is time for me to find a friend.

마나
Send me to him or some-where nearby!
OK! I will send you to the forest we encountered him last time. Good luck!

What are you going to do ?
I shall wait for you here
Doctor is a welcome addition to any team, so they won't kill me so quickly

I pray for your safe return, Qi Rarang.

Take care of yourself.

It is often used by itself as well. (Like in this case)

JANIMUS

Now ...
Shall I watch you die ?
Hmph, you just do your thing. Go.
I am not going to die like this.
I have lots of research data in my facility...
I will turn myself into an undead if I must.
You are not ats at all.

So, where is your office ?
Let's get out of here before they get here.
You are being unexpectedly nice.. The team's over, you know
It was very fun to hang out with you guys.
This grandma plans to spend rest of her life with those who make her life not boring

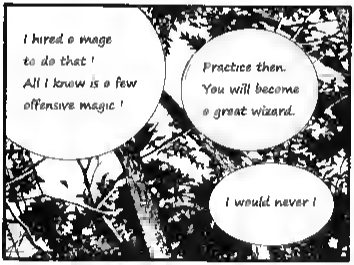
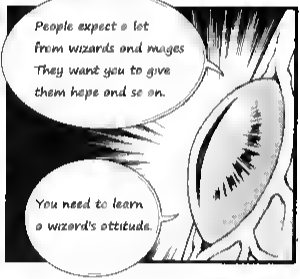
Heh, so it was you ?
Long time no see, wizard !

Don't ever call me that !
You are though. You can even cast beacon.



I hired a mage to do that ! All I know is a few offensive magic !
Practice then. You will become a great wizard.
I would never !

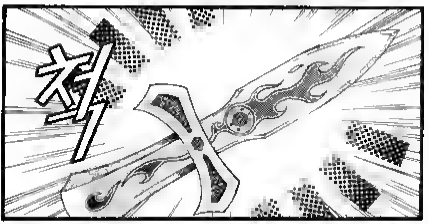


People expect a lot from wizards and mages They want you to give them hope and so on.
You need to learn a wizard's attitude.

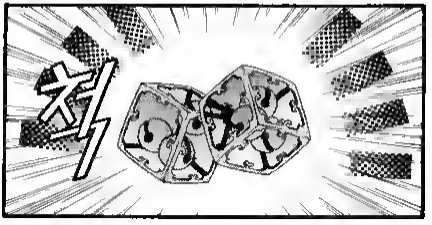
I AM NOT A WIZARD !
Be quiet

You are awake.
You had a shouting match.
Well listen !
After ! eat this.
Our agency is in chaos. I am sure it is getting worse now.
You haven't changed.
I see, but why me ?
And I am a little busy at the moment.
That's why I sought you out !
Can I eat now ?

This potion heals any wounds. I managed to steal a whole crate of this from a temple
It's good but it can be somewhat addictive, so be warned.



This dagger has been infused with fire magic It was really hard to get this out of a bandit camp But it turns out that it's not that good.



This is Siren's voice If you sound these at a certain rhythm any creatures within 50 maters will fall a sleep Some creatures are immune to this though.

And this ..
Stop !

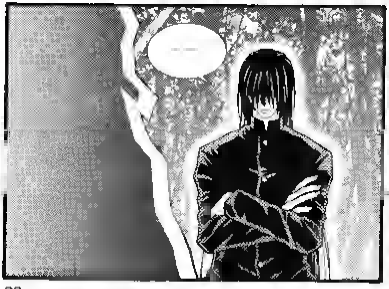
What are these ?!
What have you been doing ?!

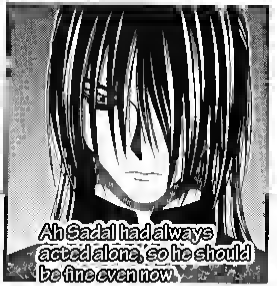
I went on a venture to become strong
When I was out there, I thought how I could become strong

It turns out that the only thing I am good at is stealing
They say stealing is a skill that everyone is born with. I see that the old saying is right
What ... ? Wait, that's not ...

Well, since I went this way, I keep doing it.
I heard there is a treasure in a tower nearby

I am a mere thief
Do you think I will be able to help you ?





Ah Sadal had always acted alone, so he should be fine even now

Cheong-Ha
He has likely been killed while fending off Wa-Rang
His task was to protect us, so I doubt that he had any regrets when he died.

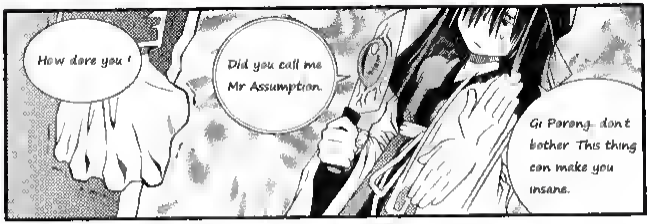
Do you seriously think I am useful for anything ?
You are Haback's son ! I will use that fact to plant fear on my enemies !
I will come up with other plans later.
What about my own will ? I am against this
Throw your will away and just follow me.
What a funny guy you are !
You assume everything You assumed that Ondel would be good You also assumed that he'd help you



How dare you !
Did you call me Mr Assumption.
Gi Porong, don't bother. This thing can make you insane.

Phew

Fine, I admit that I was too hasty
I am sorry !
It's alright I am sure you went through a lot ..

I will give you 24 hours ! Be ready in a day !
Do you even know why you apologized to me ?

What to do ? He's going to ruin our plan.
Just kill him !
Will you get serious for once ?
I thought he'd give up easily I underestimated him
We have to make him understand. He will chase me to the end of world otherwise.

Besides, he is ... very scary.
I don't want to travel around with that menace on my back !

What are you doing ?

Alright, I've decided !

I have my own plans. I can't just help you.
Plans ? Weren't you a hopeless kid ?
Shut up !

There is a tower in that direction !
There is no rule ! Whoever gets the treasure wins !
FYI, I don't know much about the tower either so this will be a fair game !
This will be a game between a man and a man !
If you do defeat me, I will help you however you want me to !

I ... I am not backing off !
I ... have a family to look after
Will you, um please stop glaring at me

Well, fine !

My heart ... !
He glared me for too long ! My life span has been reduced!

In other words

I can freely beat the crap out of you right here right now and go look for the treasure later. Is that right ?

Have fun down there ! You know only offensive magic, right ?

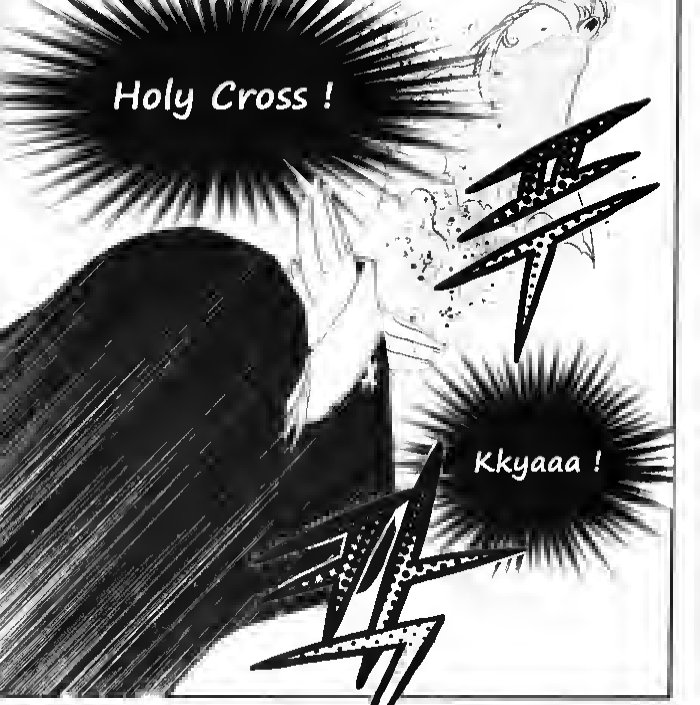
Samson, let's leave They will kill us if they find out that I am a zombie
We can't just turn back now Stay low as long as they don't find out we will be fine.

Wale...
Ah ?!

The zombie alarm is activated ?!
That's a zombie ?
But he's with a nun !
Did the alarm go bad ?

Sister ! Can you explain this ?!
What is a zombie doing with you ?!
What now, Samson ...
Samson....



Holy Cross !
Kkyaaa !

Ohh banished !
One-shot kill ! Nice !
Come on in, sister !

Forgive me, David.

You mean so little to me that I am not about to care for you when my hunger is far greater.

ANIME.COM

And ... I know an undead like you can't be banished by just one holy cross, so stop acting like you are hurt.
Samson ...
How ... How could you do this to me ...
How could you ... How could you betray me like this ...

You ...
You are -
Sister Cecili ?!

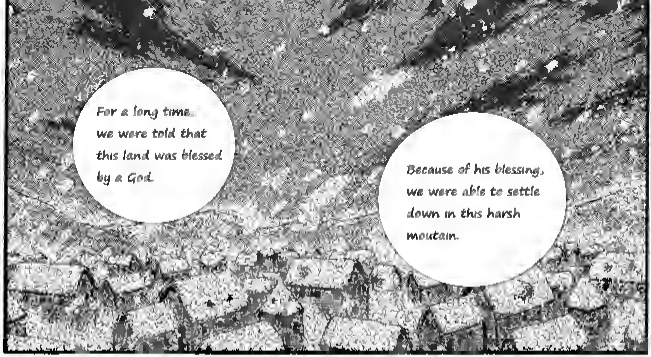
You were banned from the order by having done dirty deeds !d
Ah - !

You were banned, too !
If they find out, we will be as good as dead. so keep your mouth shut !

What happened to here anyway ?
They said zombies.

Let me explain.
When did you —?!
Kkya !
Right now

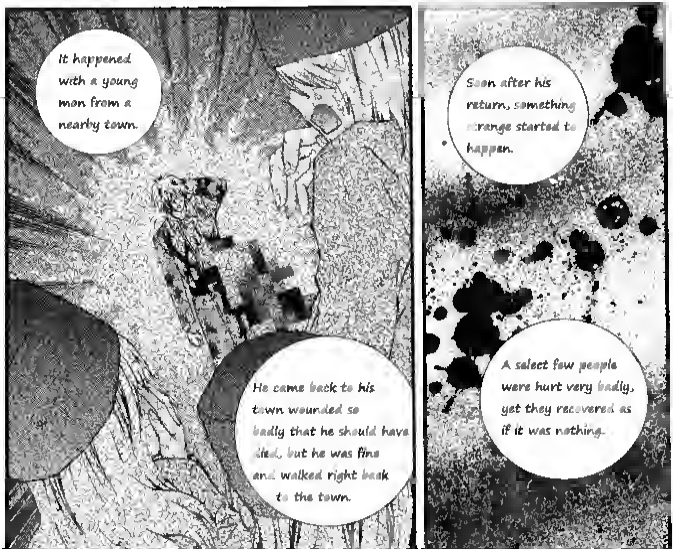
I am the chief of this town.



For a long time, we were told that this land was blessed by a God.
Because of his blessing, we were able to settle down in this harsh moutain.

All thanks to the hermit God, Choe Ryu Hyang !

Damn it ...
Looks like we came to the right place.
Is that your God ?
Yes, he has never showed himself but we've always worshipped him
But not long ago an incident occurred.



It happened with a young man from a nearby town.
He came back to his town wounded so badly that he should have died, but he was fine and walked right back to the town.
Soon after his return, something strange started to happen.
A select few people were hurt very badly, yet they recovered as if it was nothing.

In other words, they became undead !

We didn't know of any cure.

So, we banned them from towns, then they gathered and even formed a zombie village

Well, it seems they are resentful that they are treated badly..

Humans reject those who are different ! That is what we do !

There is nothing wrong with that.

Well ... I could care less ...

Now, shall we talk about the price ?
How much are you willing to pay ?
Oh, my ..., you are a servant of a God ... Can't you just do this for the good will ?
Nothing is free in this world.
We risk our lives to do this.
Well, if you don't like, fine, find others.
We will be the cheapest though.

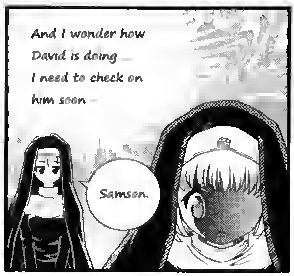
Very well I will discuss with others.
I will be back soon.
탁

That bitch is tough.
But we shall see ! Whoever pushes stronger wins this !
I see that this isn't your first time. Since when did you start this ... business.
What am I supposed to do ? This is the only thing I learned.

Uh ?
That's ... !!!
Weren't you with Hemasu?
Where is him?
Well ...

This can't be a coincidence that zombies are loose now.
I fear that this has something to do with the grand scheme of the event.

What did Hemosu want us to do anyway ? It's not like he was expecting us to visit him and say hello.



And I wonder how David is doing... I need to check on him soon...
Samson.

What are you doing ?
Well um, I am taking some donations...

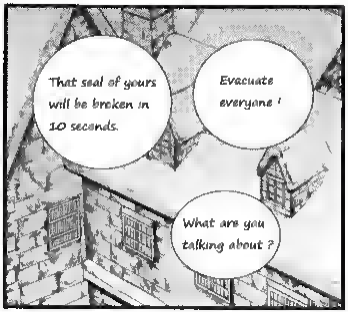
You have completely lost the plot, David ...

It doesn't matter how many there are. They won't get through the seal I've created



That seal of yours will be broken in 10 seconds.
Evacuate everyone !

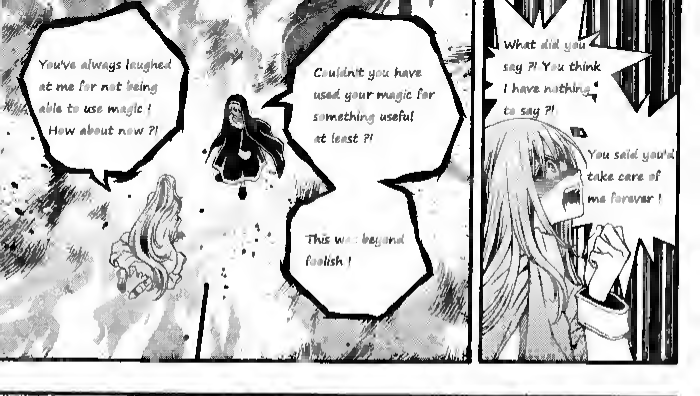
Do you realize what you've done ?!
Don't you have any bit of pride ?!
Shut up ! You abandoned me ! You have no right to lecture me !



You've always laughed at me for not being able to use magic ! How about now ?!
Couldn't you have used your magic for something useful at least ?!
This was beyond foolish !
What did you say ?! You think I have nothing to say ?!
You said you'd take care of me forever !

I was planning to get back to you once I get some food ! Couldn't you predict the plot ?!
I don't know ! I don't care ! You abandoned me !
You always scolded me ! I knew you'd throw me away !
Do you know how much of foolish acts I have to take up with you ? Do I have to clap ?! Fine !

So mean !!!
We are over ! I don't want to see you ever again !

Would you please get a hold of yourself..

Samsen, compromise is the key to healthy marriage.

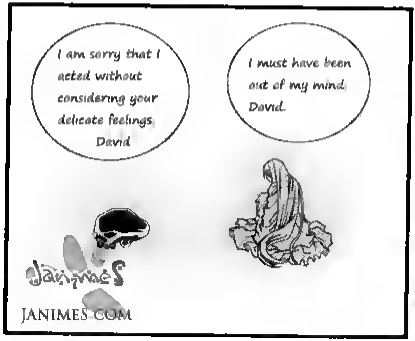
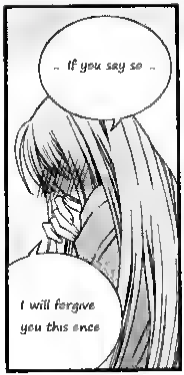
I apologize, David.



I am sorry that I acted without considering your delicate feelings, David.
I must have been out of my mind, David.
JANIMES.COM

Hmph! It's too late for that now!

We've come so far together for so long. We are not breaking up like this, are we ?
How could I ever live again without you ? Please, please reconsider, David...



.. If you say so ..
I will forgive you this once

Let us start again. a fresh start for us.
Uh..., sure. I can't believe I had to do that

All done ?
While you two were filming a melodrama, it's game over here

Yes. , now we all became undead—

It's too late to go back now. We need to have pride as zombies and fight against the world !
Well, take care
